

# A/C Compressor Kits

# Replace it Once

Easiest & most reliable way to repair contaminated vehicle A/C systems.

**3 Year Warranty**

## A/C Compressor Kits include:

- Compressor
- Compressor Oil (68 Grade 500ml)
- Air Conditioning System Treatment
- Measuring Cup (for oil balancing)

- Condenser
- Thermal Expansion Valve / Orifice Tube
- Receiver Drier / Accumulator (where applicable)
- System Guard Strap

## A/C Compressors fail when contaminated by debris in the A/C system

**Extensive flushing of the A/C may not remove fine particles that contaminate an vehicle A/C system.**

- ▶ Micro-ports in parallel flow condensers found in 8/10 vehicles are 1 mm wide or less & too small to be effectively flushed.
- ▶ The filter drier is exposed to debris and cannot be completely flushed.
- ▶ Fine debris lodged in an expansion device cannot be thoroughly flushed.

**The solution:**

*Fit a full A/C Compressor Kit combined with a full system flush.*

**Benefits of using an Adrad A/C Compressor Kit:**

- ▶ Extended full three year warranty - fewer claims
- ▶ Minimise risk of premature compressor failure due to recontamination
- ▶ Saves time trying to flush contaminated components
- ▶ Cost effective
- ▶ Buy everything you need for most vehicle applications in a single step.

**Using an Adrad A/C Compressor Kit is the easiest, most reliable way to repair a contaminated A/C system.**
